

**HB 2171-S.E - DIGEST**

(DIGEST AS ENACTED)

Acknowledges that only those jurisdictions in compliance with the review and revision schedules of the growth management act are eligible to receive funds from the public works assistance and water quality accounts in the state treasury. The legislature further recognizes that some jurisdictions that are not yet in compliance with these review and revision schedules have demonstrated substantial progress towards compliance.

Declares an intent to grant jurisdictions that are not in compliance with requirements for development regulations that protect critical areas, but are demonstrating substantial progress towards compliance with these requirements, twelve months of additional eligibility to receive grants, loans, pledges, or financial guarantees from the public works assistance and water quality accounts in the state treasury. The legislature intends to specify, however, that only counties and cities in compliance with the review and revision schedules of the growth management act may receive preference for financial assistance from these accounts.
